ABOUT ME

The first thing that you should know about me is that programming is my passion. Generally I like creating things, that's why I like building small programmable robots or robotic parts.

In addition I enjoy hanging out with friends, watching movies, reading books or tech news, listening to music and painting. I also like outdoor activities like walking, bicycling, swimming, travelling etc.

COMPUTER SKILLS

Perfect use of Windows OS, good use of Linux. General knowledge of operation and computer architecture (hardware). Ability to link external and internal devices into the system. Perfect use of the Internet.

Programming skills:

C++	★★★★
HTML5	★★★★★
XML	★★★★★
